

## WINTER SEMESTER 2022

Normally, in each module there are 10 ECTS in sum for the winter and summer term. You may, however, reduce the workload in one or more modules to 9 or at least 8 ECTS in return for earning more ECTS in the remaining modules. Winter and Summer School together count for 10 ECTS.

This document contains a list of obligatory and suggested courses. You can also search for further courses in the Online Course Directory: <https://ufind.univie.ac.at/en/index.html>

There is in particular a wide range of courses in German language. However, please be aware that in case you find interesting courses which are not on this list, you have to check with me and the course lecturers if your participation as an EMGS student is possible. Please read our instruction carefully: <https://global-studies.univie.ac.at/course-registration/>

In any case, you are eligible to take courses from the Master Global History and Global Studies – please have a look at the online course directory for this study program:
